

Bach's Clavichord

Bach's Clavichord Assembly Instructions

Cut along all cut lines. You should end up with four legs, one peg and the clavichord body.

Begin to fold the clavichord:

1. Fold tabs marked "Z" and "Y" as well as the fold lines along the top and bottom of the clavichord.
2. Glue "Z" tabs to the inside of tab "Y".
3. Glue tab "X" over tab "Y".
4. Fold "E" over to "F" and glue down together.
5. Fold "Peg" in half and glue halves together.
6. Glue tab "I" to location "J" and tab "G" to location "H".
7. Fold legs and glue tab "A-4" inside the fold of tab "A-3" - repeat for other legs.
8. Glue "A-1", "A-2", and "A-3" to their corresponding location on the bottom - repeat for other legs.

All Done! Let Bach play away!
